

SHIELDS STREET NATURAL GAS PROJECT

CONSTRUCTION IN YOUR AREA

Work in your area

We will install natural gas line in the intersection of Shields Street and Drake Road in conjunction with a City of Fort Collins construction project, between Monday, Aug. 14, 2023, and Friday, Aug. 18, 2023. Crews will work between 7:30 a.m. and 6 p.m.

A full intersection closure will occur during this time to accommodate this work. Follow posted detours.

During work, you may notice:

- Marking of utility lines and utility survey holes.
- Road and sidewalk closures.
- Traffic control.
- Temporary changes to access.
- Construction noise.

We'll restore work areas to preconstruction conditions as weather allows.

Overview

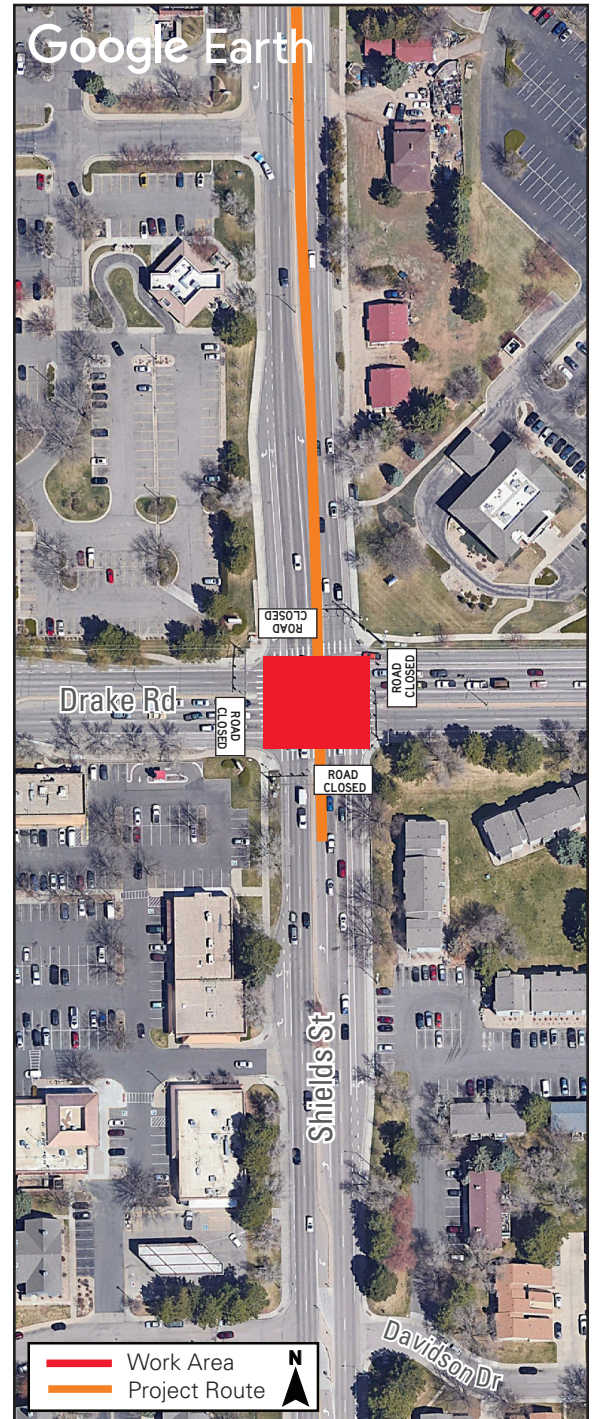

We will replace approximately one mile of natural gas line along Shields Street between Prospect and Drake roads in Ft. Collins, Colorado.

This work allows us to continue to provide safe, reliable natural gas service and enhances system resiliency during extreme weather.

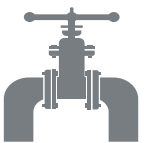

Safety

Public safety is at the foundation of all we do. The safety of the public around Xcel Energy's natural gas system influences every decision we make.

If you suspect a natural gas leak, leave your home or business immediately. Once you are safely away, call **911**, then Xcel Energy at **800-895-2999**.
